

Meeting of Software manager and Project Assistant

MEETING TITLE :- campaigning the project

MEETING CALLED BY :- Manager of microgonve

TYPE OF MEETING :- About campaigning

DISSCUSSION :- The manager and the assistant was talking about the project's campaign as their priority was to campaign the project so that everyone can use the project easily. And th assistant should come to the office on monday with some 10 questions and unique ideas about the campaign and also with the solutions. Because his boss wants to complete this task as soon as possible. And also they want step by step formalities with project description. But before the ideas there were queries with the assistant and there was an error occured named as ORA1000H which doenst give variable unbounds.
